

Everything SATS — Maths Mock 3

Paper 2: reasoning

This is an original practice paper written for Everything SATS. It follows the layout and question types of the real Key Stage 2 mathematics test, but it is **not** a real past paper.

23 questions, 35 marks. Some questions ask you to show your method. You may get a mark for a correct method even if the answer is wrong. You may not use a calculator.

In the real test this paper lasts 40 minutes. There is no need to time yourself here — take the time you need.

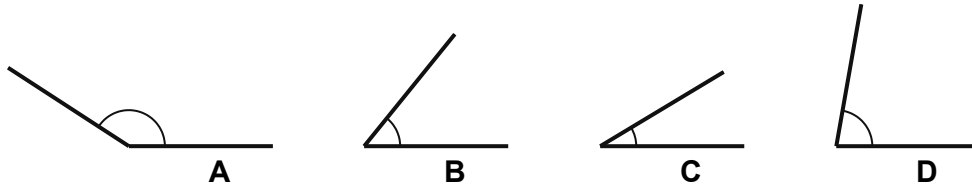

For the adult: the answers and how to award marks are in the separate **answer booklet** (Maths Mock 3 answers).

Free to print, copy and share. No accounts, no paywall. everything-sats.github.io
